Commission Action Requested by Applicant

Approval of concept design pursuant to 40 U.S.C. §8722 (b)(1)(d) and 40 U.S.C. § 6702(d).

Commission Action

The Commission:

Comments favorably on the design concept for the John Marshall Memorial Park as shown on NCPC Map File No. 1.24(73.10)42168.

Recommends that in the preparation of preliminary site development plans, the applicant consider:

- Designing fountains for year-round use and/or appearance, if appropriate.
- Taking into consideration the heavily trafficked environment around the park, security of the adjacent institutional buildings, and the presence of utility lines that run under the site when selecting trees and other plantings.
