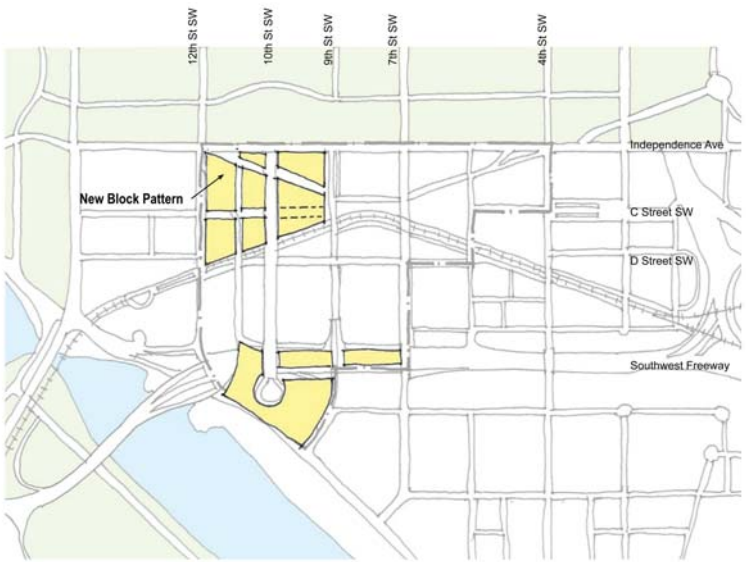
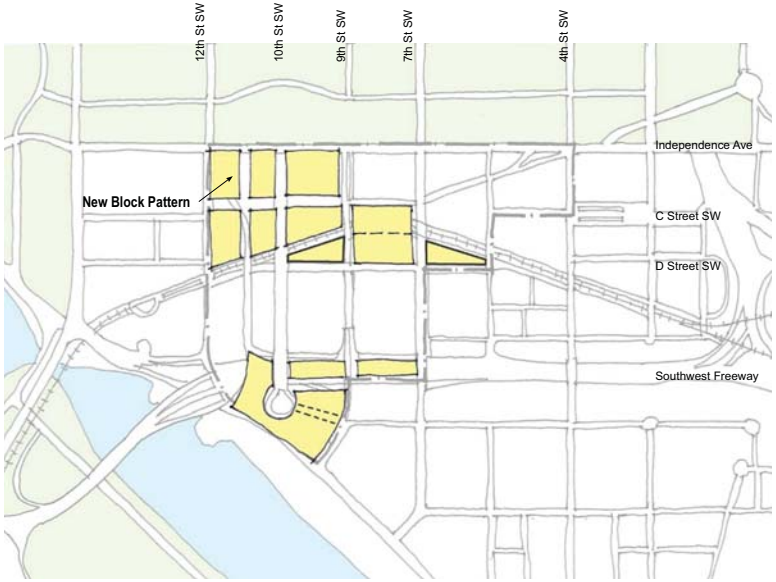
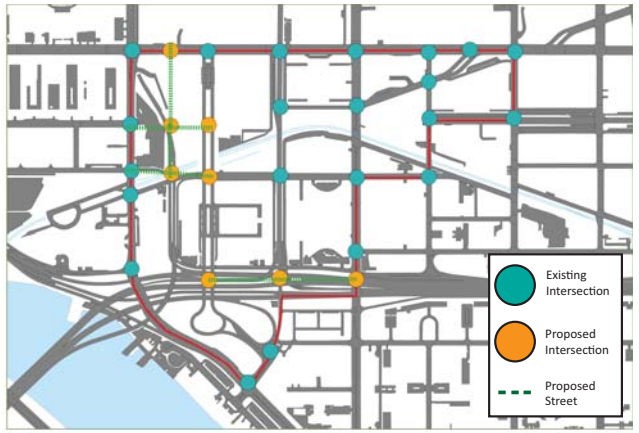
The Street Grid and Walkability: The diagrams below show the potential for reconnecting the street grid.







1. Do you have any concerns about reconnecting streets to the grid or adding a new F Street?

2. Should Virginia Avenue be restored as a street? What enhancements should it include?

3. How do we connect Banneker Park to the Southwest Waterfront / the existing Southwest neighborhood / the National Mall?

4. Where and what type of transportation improvements are necessary to make the area more walkable and bicycle-friendly?
