NCPC File No. 2598

TECHNICAL AMENDMENT FOR AUTHORITIES TO REGULATE ANTENNAS

National Capital Region

Submitted by NCPC Staff

January 4, 2006

Abstract

The statutes granting the Commission authority to review antenna placements have been incorrectly cited in the “Guidelines and Submission Requirements for Antennas on Federal Property in the National Capital Region” and related documents. Staff is recommending that the Commission amend the reference to applicable statutes to correct this technical error. Staff will amend Submission Guidelines and other references to these authorities in line with the technical amendment.

Commission Action Requested by Staff

Adopt a technical amendment to the Guidelines and Submission Requirements for Antennas on Federal Property in the National Capital Region and related documents.

Executive Director’s Recommendation

The Commission adopt a technical amendment as follows:

Where applicable, Commission authority to regulate antennas should be referred to as “Provisions in Section 5 of the National Capital Planning Act of 1952, as amended, 40 USC § 8722(b) and (d); D.C. Code § 6-641; and the International Center Act of 1968, as amended, P.L. 90-553(1968) and P.L. 97-186 (1982) at Section 3.”
