

COMMISSION ACTION

NCPC File No. 6666

**LAFAYETTE BUILDING
BUILDING MODERNIZATION
811 Vermont Avenue, NW
Washington, D.C.**

Submitted by the General Services Administration

April 5, 2007

Commission Action Requested by Applicant

Approval of the final building plans for building modernization; pursuant to 40 U.S.C. § 8722 (b)(1) and (d). Perimeter security and site improvements have been excepted from review and approval.

Commission Action

The Commission:

Approves final building plans for modernization of the Lafayette Building at 811 Vermont Avenue, NW, as shown in NCPC Map File No. 21.00(38.00)42205, with the exception of the fence-wall at the roof adjacent to the Shoreham Building.

Requires the applicant to:

- submit for approval any proposed provisions for a guard booth at the alley connecting to 15th Street NW; and resubmit for approval a fence-wall at the roof adjacent to the Shoreham Building, and, before any future submission of perimeter security elements,
- provide information required for the Commission to fulfill its obligations under the National Environmental Protection Act, and
- engage in further Section 106 consultation as specified in the Memorandum of Agreement.
