

COMMISSION ACTION

NCPC File No. 3031

**UNITED STATES GEOLOGICAL SURVEY (USGS),
JOHN WESLEY POWELL BUILDING
WIRELESS COMMUNICATIONS ANTENNAS
12201 Sunrise Valley Drive
Reston, Virginia**

Submitted by the General Services Administration (GSA)

November 1, 2007

Commission Action Requested by Applicant

Approval of preliminary and final building plans pursuant 40 U.S.C. § 8722(b)(1) and in accordance with the Guidelines and Submission Requirements for Antennas on Federal Property, approved by the Commission on January 7, 1988 and amended on August 2, 2001.

Commission Action

The Commission:

Approves the preliminary and final building plans for the installation of six panel antennas and one GPS antenna, and associated equipment at the John Wesley Powell building, 12001 Sunrise Valley Drive, Reston, Virginia, as shown on NCPC Map File No. 2209.11(38.00)42318, for a period not to exceed 5 years.

Recommends to GSA that access to the penthouse roof areas should be controlled and locked if possible. Moreover, GSA should ensure that necessary RF warning signs are placed at all rooftop access points in a highly visible fashion.

Recommends to GSA that rooftop drawings should be posted on the penthouse walls and/or doorways indicating areas where the Maximum Permissible Exposure (MPE) for the general and occupational standards could exceed 100%.
