

DEPARTMENT OF DEFENSE & NATIONAL CAPITAL PLANNING COMMISSION MASTER PLANNING TRAINING

In this one-day training workshop you will learn about best practices in preparing Federal Master Plans through practical, hands-on exercises, small group discussion, and short lectures. Attendees will gain an understanding of Federal master planning policies, specific service guidance, and the master planning process and products used by the Department of Defense (DoD) and other Federal agencies. Through interactive sessions, participants will develop a clear and concise planning vision statement and apply it to the development of an Area Development Plan (ADP). Participants will learn by doing and gain knowledge of workshop techniques and methods, including how to prepare and draw an Illustrative and Regulating Plan consistent with their planning vision.
