The Commission:

Approves the preliminary and final site and building plans for a parking garage replacement at the Defense Intelligence Agency Headquarters located on Joint Base Anacostia-Bolling in Southwest, Washington, DC.

Notes that the proposed parking garage would reduce existing parking within the campus by 334 employee parking spaces at the Joint Base Anacostia-Bolling installation, consistent with the approved Master Plan's short-term (5-year) strategies to reduce employee parking by approximately 10% to improve the installations overall parking ratio from 1:1.67 to 1:1.86.
