OVERVIEW

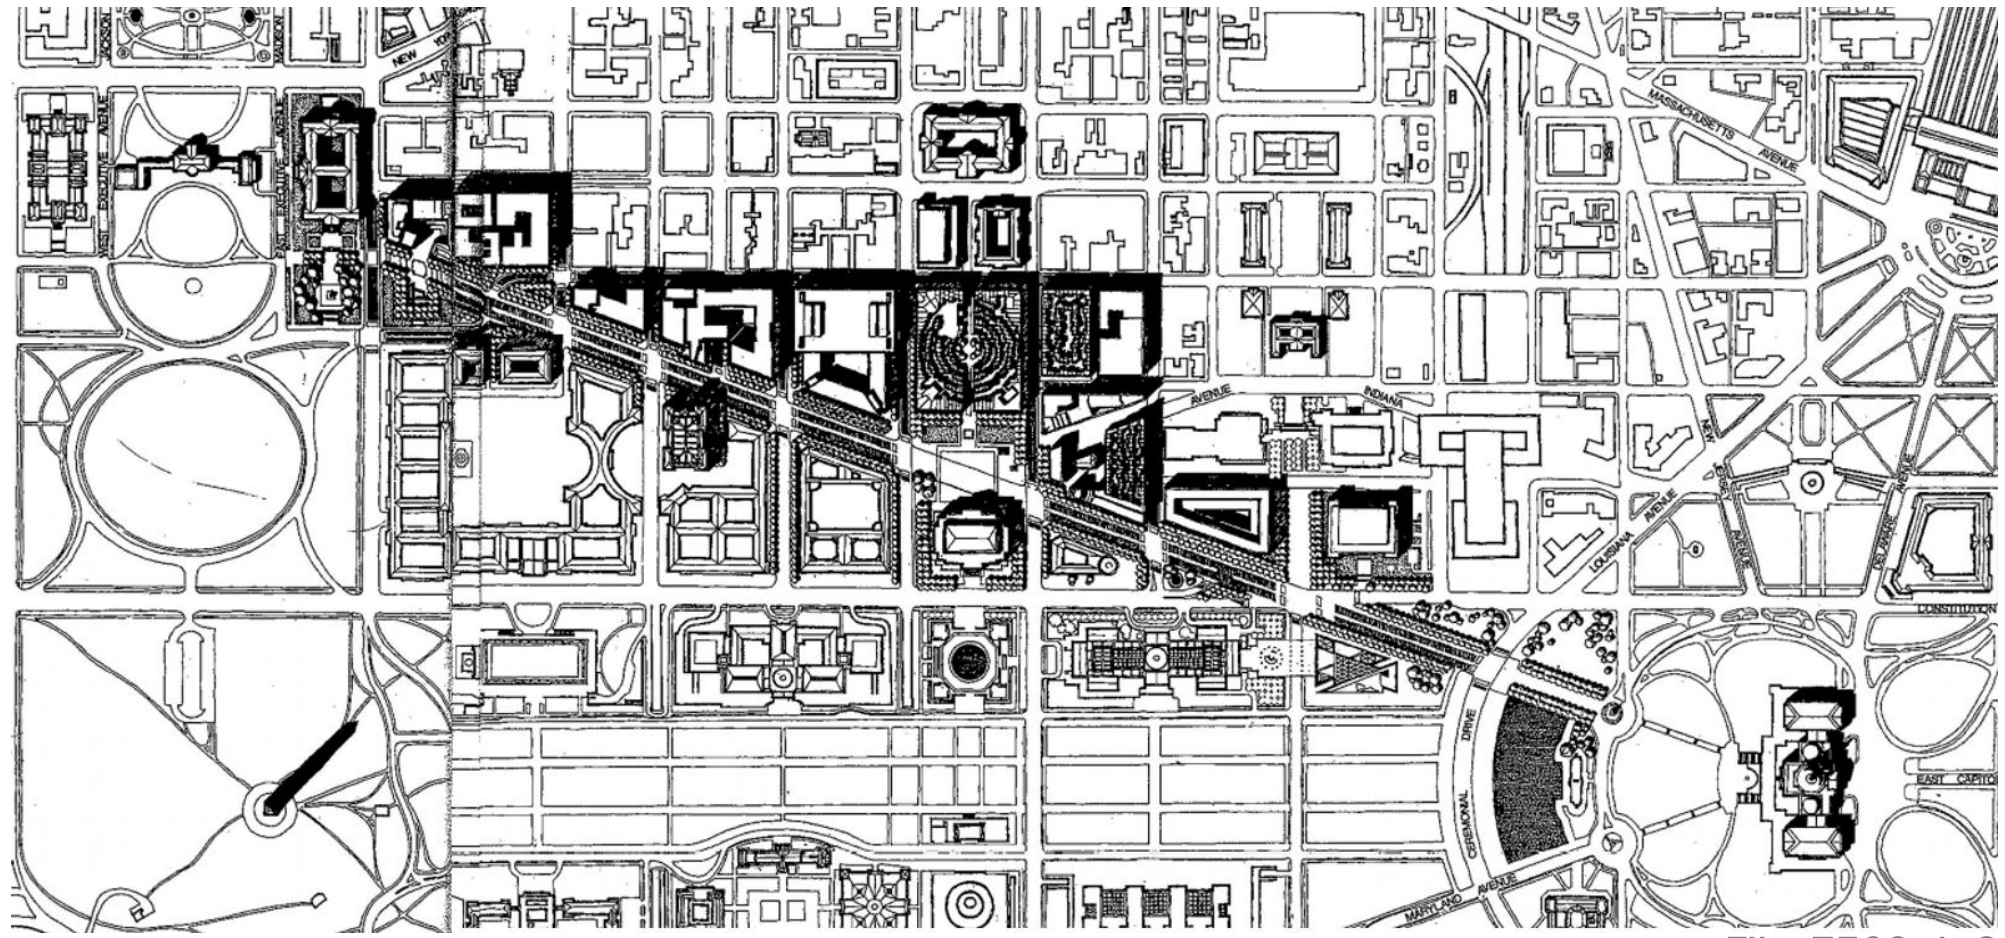

In 2023, NCPC announced a formal federal-local partnership comprising:

Pennsylvania Avenue Plan (1974)

OVERVIEW

THE VISION

The *Avenue as a Venue*

- An inclusive venue and economic generator for the city
- An iconic, inviting, and resilient public space for the nation
- Create an awe-inspiring public realm
- Modernize street infrastructure for 21st century needs

THE VISION

A Street for People

- Prioritize space among pedestrians, bikes, and transit
- Balance the needs of all street users
- Provide comfortable public spaces for daily activities

New Pennsylvania Avenue Plan

A NEW PLAN

The New Plan will have 2 main components:

1. Public Space Master Plan (Physical Improvements)

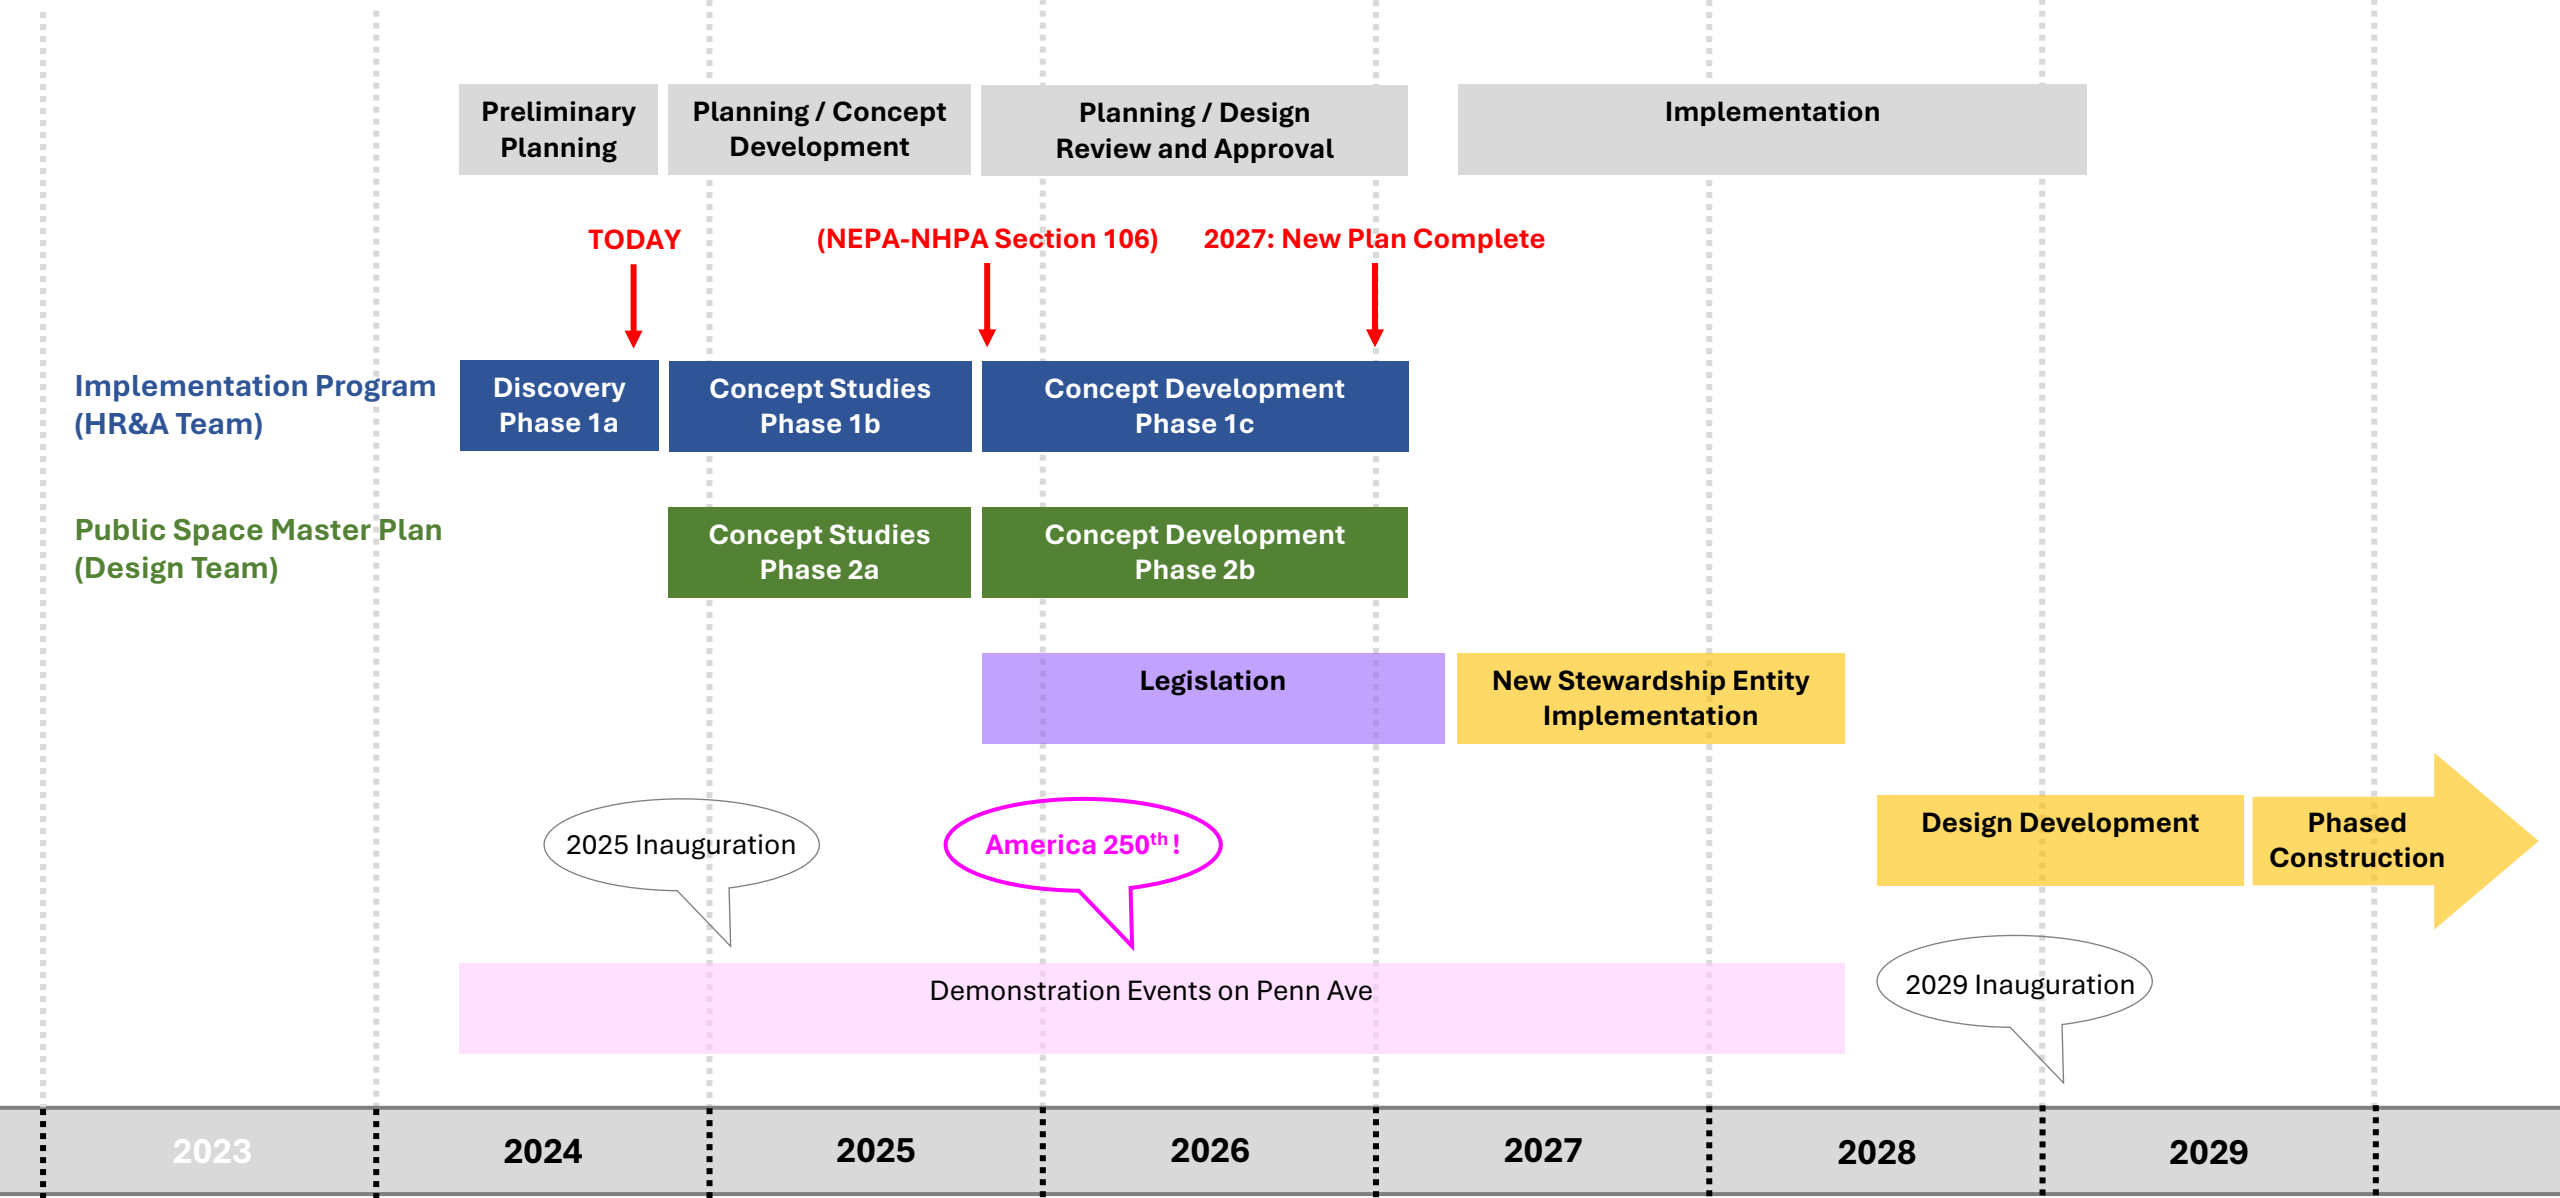

- A new design to make public spaces more usable and flexible by right- sizing, realigning, and improving the street and public spaces
- Streetscape and public realm improvements to make it a great space for people
- Infrastructure upgrades to improve resiliency and operations for events and protective services

2. Implementation Program

A new stewardship entity to administer, fundraise, and oversee:

- Daily operations and maintenance
- Events programming
- Construction coordination

Project Timeline as of October 2024
