The Commission:

**Approves** the final site development plans for the proposed Texas Legation Memorial located on Indiana Avenue, NW in Washington, DC.

**Notes** the project includes plants native to both Texas and the Washington, DC area and **finds** the plant selections are appropriate due to their limited area and relevance to the commemorative intent.

**Notes** the applicant has updated the design to address the Commission's recommendation to increase the font size of the memorial, and the updated lettering will ensure the memorial is easily legible to visitors.
