About This Report

The 2019 OPM Federal Employee Viewpoint Survey (OPM FEVS) Small Agency Management Report (SAM) was designed to provide an overview of survey results, enabling agencies to easily identify issues and take action for improvement. The SAM can be helpful in providing a starting point for analysis of your agency's OPM FEVS results, acting as an agency overview before drilling down into specific components of the agency for a more in-depth analysis. This report also highlights important agency successes, which should be acknowledged. We encourage you to share both successes and areas for improvement with employees.

NCPC Response Rate

74% (23 out of 31 employees responded)

Field Period: May 23, 2019 – July 5, 2019

Overall 2018 Response Rate: 73%

Agency results have a margin of error of +/- 17%

Sections of the SAM

Employee Engagement Index, New IQ Index, and Global Satisfaction Index

The Employee Engagement Index (EEI), New IQ Index, and Global Satisfaction Index provide agencies with consistent metrics for measuring progress toward objectives. Benchmarks are included to provide insight into how your agency compares to others, and to encourage information sharing between agencies. For example, some of the top ranking agencies in the Employee Engagement Index may have suggestions on things that have and have not worked to engage their employees. Trends for all three indices are also displayed.

Decision Aid

The Decision Aid is useful in easily identifying the most critical issues in your agency as well as recognizing where your agency has improved since 2018. The Decision Aid is divided into three sections to help you focus your attention on improvements and declines in your results since last year:

Increases contains items that increased since 2018

Decreases contains items that decreased since 2018

No Change contains items that did not change since 2018

Appendices

The appendices give you an opportunity to more thoroughly understand your workforce by displaying item-level results.

Appendix A outlines the 2019 OPM FEVS item changes/improvements since 2018.

Appendix B shows how well your agency scored relative to other small agencies. Scanning the graphs can indicate how your agency is generally performing as well as help you identify particularly strong or weak areas.

Appendix C shows the breakdown of the 2018-2019 Partial Government Shutdown results.

Appendix D shows the breakdown of the Work-Life Program results.

Appendix E lists all agencies arranged by employee population size.

Note: The Decision Aid only includes items 1-71. See Appendix D for a breakdown of the Work-Life results for your agency.

About This Report (continued)

Understanding Your Results

When reviewing results, keep the guidelines below in mind. These guidelines were created to organize survey results in a way that is easier to digest and interpret.

Percent Positive

The sum of two positive categories (e.g., Strongly Agree/Agree)

Percent Negative

The sum of two negative categories (e.g., Strongly Disagree/Disagree)

Percent Neutral

The neutral category (e.g., Neither Agree nor Disagree)

Identifying Strengths, Challenges, and Neutral Findings

65 percent positive or higher is considered a strength

35 percent negative or higher is considered a challenge

30 percent neutral or higher suggests uncertainty, presenting an opportunity for communication between managers and staff

Identifying Increases and Decreases

Movement up or down since the previous year is another important piece of information to consider when examining your results. Any increase or decrease in results can be important; however larger increases or decreases (generally 3 or more percentage points) may be a result of significant changes taking place within your agency and should be explored. Increases indicate positive change that should continue to be reinforced. Decreases, especially in areas considered mission critical, may call for appropriate action to initiate and support beneficial workplace improvements.

Other Reports

Governmentwide Management Report

This report provides an overview of the governmentwide results. The report includes item results, index scores, information on who responded to the survey, survey updates, and other special topics.

All Levels, All Indices, All Items Report

The purpose of this report is to provide a comprehensive summary of all OPM FEVS items and index scores for subagencies with at least 10 respondents in a Microsoft® Excel® spreadsheet.

Subagency Comparison Report

This report provides the results of all the offices that report to the same “parent” office. This report is only created when there are two or more sub-offices that both have at least 10 responses. Note: Subagency reports are only available for agencies that included organizational breakouts in 2019.

Subagency Breakout Report

This report displays survey results for a single office so long as it has at least 10 responses. Note: Subagency reports are only available for agencies that included organizational breakouts in 2019.

About This Report (continued)

Occupational Series Reports

This report allows for the comparison of occupational series and families at the agency and first level.

Annual Employee Survey (AES) Report

This report is a Microsoft® Excel® spreadsheet with a breakdown of agency and first level results. It also includes trends from previous OPM FEVS administrations.

Websites

OPM FEVS website

Agencies and the general public can access governmentwide data reports, as well as special topic reports produced from the OPM FEVS. This website includes results from the 2004 administration of the survey to the present. Access the OPM FEVS website at www.opm.gov/FEVS.

Public Release Data File (PRDF)

A public use data set is available for the OPM FEVS and can be requested by completing the form available at: www.opm.gov/fevs/public-data-file. Note: The 2019 PRDF will be available in the winter.

FedScope

OPM's FedScope is an online publicly available tool which allows users to access and analyze HR data from OPM's Enterprise Human Resources Integration (EHRI). Access this site using the following link: www.fedscope.opm.gov.

UnlockTalent

A tool available to both the public and agencies for viewing comprehensive data visualizations with broad displays of OPM FEVS data. These displays allow agencies to identify subcomponents for action to improve engagement and overall satisfaction as well as highlight indicators that can contribute to a high performing organization. Agency specific case studies, best practices, videos, trainings, and other helpful resources can be found on the UnlockTalent Connect page. This site can be accessed at www.unlocktalent.gov. Questions and feedback can be sent to unlocktalent@opm.gov.

OPM FEVS Online Reporting and Analysis Tool

A password protected tool for agency points of contact to access agency-specific and governmentwide reports. In addition, agency users can develop customized reports that may be useful for data analysis and action planning. Questions and feedback for this online tool can be sent to EVS@opm.gov.

Employee Engagement Index

Because the OPM FEVS is an assessment of organizational climate, the Employee Engagement Index (EEI) does not directly evaluate an employee’s level of engagement. Therefore, instead of measuring aspects of engagement such as focused attention and dedication to completing assignments, this index concentrates on factors that lead to an engaged workforce (e.g., supporting employee development, communicating agency goals).

Below, you can see where your agency’s EEI score ranks (out of 42 small agencies with 10 or more respondents) and how it compares to the combined small agency average. The names of the highest-ranked small agencies are listed to facilitate the sharing of information, such as best practices. The U.S. Office of Personnel Management (OPM) has also created the UnlockTalent website (www.unlocktalent.gov) to share resources and help with interagency communication.

Employee Engagement Index Benchmarks: Small Agencies, Combined

In addition to looking at your agency’s EEI results from a combined small agencies perspective, the figure below allows you to compare your EEI results to those from similar sized agencies. Appendix E contains a listing of agencies by size category for your reference.

Employee Engagement Index Benchmarks: Very Small Agencies (<100 employees)

To provide more information on employee engagement for your agency, the figures on the following page display the EEI score for the three engagement subindices and index trends back to 2016, as well as the combined small agency scores and trends for comparison.

New IQ Index

The New IQ stands for the New Inclusion Quotient. The New IQ is based on the concept that individual behaviors repeated over time will create habits necessary for inclusiveness. It consists of 20 questions that relate to inclusive work environments. These 20 questions are grouped into five Habits of Inclusion: Fair, Open, Cooperative, Supportive, and Empowering. The New IQ Index score for your agency, the highest scoring agencies, and the combined small agency average, are displayed below, along with your agency ranking (out of 42 small agencies with 10 or more respondents).

In addition to looking at your agency’s New IQ Index results from a combined small agencies perspective, the figure below allows you to compare your New IQ Index results to those from similar sized agencies. Appendix E contains a listing of agencies by size category for your reference.

To provide more information on the New IQ for your agency, the figures on the following page display the New IQ score for all five habits of inclusion, and index trends back to 2016, as well as the combined small agency scores and trends for comparison.

Decision Aid: Increases

Identifying Increases Since 2018

The items in this section are sorted by greatest to smallest increase in percent positive results. The items are sorted to allow you to quickly and easily identify where your agency has made the greatest improvements since last year.

Using the Legend Icons

The legend icons provide context for interpreting these results. While these items have improved, some may still be considered challenges (35% or more negative) or others may have reached the 65% or more positive mark and become new strengths this year. The “Top Pos/Neg” icons highlight where an item is either in the top 10 positive items or top 10 negative items for your agency.

35 Items Increased Since 2018

Decision Aid: Decreases

Identifying Decreases Since 2018

The items in this section are sorted by greatest to smallest decrease in percent positive results. The items are sorted to allow you to quickly and easily identify where results have dropped since last year.

Using the Legend Icons

The legend icons provide context for interpreting these results. When identifying the most critical decreases to focus on, it is important to check if these decreases are also identified as challenges (35% or more negative) or if they were previously identified as strengths that have fallen below the 65% or more positive threshold. The “Top Pos/Neg” icons highlight where an item is either in the top 10 positive items or top 10 negative items for your agency.

Decision Aid: No Change

Identifying Items That Have Not Changed Since 2018

Your percent positive results for these items have not changed since last year. These are items that your agency is maintaining, which can be either a positive, neutral, or negative finding. For example, an item with low percent positive results over several years is a strong indication of a need for focused action. You may also want to consider changing or updating your approach to addressing these issues if the item has been the focus of attention in the past. On the other hand, a trend of stable, high percent positive results is a finding that should be celebrated. Review each item carefully to determine whether there may be areas of concern for your agency.

Using the Legend Icons

The legend icons provide context for interpreting results. While these items have not increased or decreased, they still may be causes for celebration or concern depending on the percent positive, negative, and neutral results. The “Top Pos/Neg” icons highlight where an item is either in the top 10 positive items or top 10 negative items for your agency.

Appendix B: Item Results and Benchmarks

For each item, your agency's percent positive results are shown on a 0 to 100 scale, with the triangular arrow indicating where your agency falls. The gray bars represent the range of scores for the 42 small agencies surveyed that had 10 or more respondents.

To understand how well your agency performed compared to other small agencies, focus on the location of the triangle within the gray bar. If the triangle is toward the right side of the bar, then your agency was above average on that item. If it is at the right edge of the bar, then you had the highest percent positive results for that item. Additionally, you can numerically compare your percent positive results to the combined small agency average, listed to the right of each item.
